OZONIA

CERTIFICATIONS

OZONIA is **ISO 9001** certified

The ISO 9001 quality management system is intended for use in any organization which designs, develops, manufactures, installs and/or services any product or provides any form of service. It provides a number of requirements which an organization needs to fulfill if it is to achieve customer satisfaction through consistent products and services which meet customer expectations. It includes also a requirement for the continual (i.e. planned) improvement of the Quality Management System. Compliance with the requirements of ISO 9001:2008 is verified by yearly audits by an external certification body which is entitled to issue the ISO 9001 certificate.

OZONIA is **ISO 14001** certified

ISO 14001 is the internationally recognized assessment specification for environment management systems. ISO 14001 has been designed to be compatible with ISO 9001, to help the organization meet their environmental obligation in an efficient manner and to comply with applicable laws, regulations, and other environmentally oriented requirements.

OZONIA is **ISO 18001** certified

OHSAS 18001 is the internationally recognized assessment specification for occupational health and safety management systems. OHSAS 18001 has been designed to be compatible with ISO 9001 and ISO 14001, to help the organization meet their health and safety obligations in an efficient manner.

OZONIA is **TÜV** certified

TÜV is an organization that works to validate the safety of products of all kinds to protect humans and the environment against hazards. OZONIA has regular and specific inspections, verifications and tests for their product through TÜV. Besides the internal tests and inspection procedures, TÜV certifies OZONIA with an additional quality and safety proof by an external independent association.

OZONIA is **CE** certified

CE marking is a mandatory European marking for certain product groups to indicate conformity with the essential health and safety requirements set out in European Directives. In case the directive for machinery safety (2006/42/EC) is applicable, OZONIA issues the required certificates. These are depending on scope of supply "EC-Declaration of Conformity" or "Declaration of incorporation" indicating the list of European directives we declare compliance with, a list of standards the product complies with, and a legally binding signature on behalf of the organization.

OZONIA is **GOST** certified

GOST is the valid quality certification system (also called GOST-R Certification) in the Russian Federation. GOST is very important for Russian companies and exporters to Russia and carries the same meaning of ISO 9000 series certificates for the western companies. GOST is the approved quality indicator for Russia.
